

## Bird Notes.

By E. F. Boehm, Sutherlands.

The following are my observations since those recorded in the "S.A. Ornithologist," Vol. X, pp. 18-19:—*Podiceps ruficollis*, Little Grebe; one bird was seen at a dam near Sutherlands. *Larus novae-hollandiae*, Silver Gull; one bird has been noted on several occasions recently in this district. *Acanthiza nana*, Little Thornbill, was seen near Peep Hill and near Gum Station, north of Sutherlands, *Malurus cyanotus*, Blue-and-White Wren, has been seen in widely distributed localities. *Artamus*
