BIRD NOTES
(Held over from previous issue.)

Blue-billed Duck (*Oxyura australis*)—Many with young at Buckland Park on November 15, 1953.—A. Lendon.

Black-shouldered Kite (*Elanus notatus*)—Numerous records from Adelaide and vicinity and southern districts, 1953-54.

Fork-tailed Kite (*Milvus migrans*)—Seen at Lower Light, October 24, November 15, 1953.—Mrs. M. R. Daley. A dead bird picked up at King's Beach, Encounter Bay, December 23, 1953.—Miss J. LaNauze. Five or six birds in company with about 24 Whistling Eagles, near the piggery, St. Kilda, August 14, 1954.—H. T. Condon.

Peregrine Falcon (*Falco peregrinus*)—Seen at Netherby, July 23, 1953 (P. Robertson); at Old Canowie, January 2, 1954 (M. Daley); Torrens Park, 2 birds, June, 1954 (R. Schodde).

Glossy Black Cockatoo (*Calyptorhynchus lathami*)—Three birds seen in a small patch of eucalypts in a sheoak scrub, 9 miles north of Stokes Bay, Kangaroo Island, on January 10, 1954. The brown head and greenish-black plumage were noted.—R. M. Gibbs.

Blue Bonnet (*Psephotus haematogaster*)—A pair seen a few miles north of Meningie on May 10, 1954.—A. Lendon.

Fantailed Cuckoo (*Cacomantis flabelliformis*)—Seen at King's Park (April 14, 1954—J. Merry); at North Adelaide (June 6, 1954—A. Lendon; June 26—H. T. Condon); at Brownhill Creek (June, 1954—P. Robertson); at Marion (July—G. Ragless).
