

BIRD NOTES

THE AUSTRALIAN SEABIRD GROUP—

At a meeting of Dr. P. J. Fullagar, Dr. G. F. van Tets, Mr. A. K. Morris and Mr. M. Carins, on 25 November, 1971, it was decided to form this group. Its aims, among others, are to be:— to maintain a list of people interested in seabirds, and make them known to each other; to circulate a newsletter containing news and views of work in progress; to encourage work in fields receiving inadequate attention. Anyone interested in further information is asked to write to:— The Acting Secretary, Australian Seabird Group, P.O. Box 235, Civic Square, A.C.T. 2608. EDITOR.
