

By Mr. T. G. Souter, Maitland, Y.P.

The birds noted during this month were similar to those given for June, with the following deletions and additions:—
Deletions—Little Penguin, Red-necked Stint, Grey Teal, Wedge-tailed Eagle, and Red-capped Robin. Additions—White-faced Heron, Pallid Cuckoo, Hooded Robin, Grey Fantail and Red-tipped Pardalote. Nesting observations on 17th and 24th instant: Banded Plover—Still about with young. Tawny Frogmouth—One nest with two eggs. Welcome Swallow—With young; also nesting. White-browed Babbler—Nests containing fully-fledged young; a great number of nests about. White-fronted Chat—On nest with three eggs. White-backed Magpie—Several nests seen containing from one to three eggs or young just hatched. Grey Butcher-Bird—On nest with three eggs.
